

HOKKAIDO
UNIVERSITY

Introduction to Hokkaido University and E3 Program of Engineering

Takehiro Okabe
Hokkaido University
Europe Office in Helsinki

Hokkaido University

Faculties and Research Centers

12 Undergraduate and 21 Graduate Schools:

- **Agriculture/Forestry**
- **Chemistry**
- **Chemical Engineering**
- **Materials Science**
- **Biological Sciences**
- **Earth/Ocean Sciences**

15 Institutes and Research Centers:

- ◆ **Institute of Low Temperature
Science**
- ◆ **Field Science Center for
Northern Biosphere**
- ◆ **Arctic Research Center**
- ◆ **Slavic-Eurasian Research
Center**

HUSTEP: All English Courses for Exchange Students

HUSTEP (Hokkaido University Short-Term Exchange Program):

- ✓ Study “Culture and Society,” “Science, Technology, and Environment,” and “Japanese” in English
- ✓ Additional independent research possible
- ✓ Half Year or One Year Program
- ✓ Japanese ability **NOT** required

Hokkaido Summer Institute

- **From June to September**
- **1 course for 1 week**
- **180 researchers, 120 courses**
- **1700 students participating**
- **Tuition waivers for partner universities**

Support for Foreign Students

Support Desk for Foreign Students

Counselling Service and Career Support

University's Own Accommodation & University Guarantee for Rent Contact

Living Cost

English Engineering Education Program (E3 Program)

- ✓ All English Program for Master and Doctorate Candidates in Engineering
- ✓ Range of fields covered by 13 divisions
- ✓ Various Scholarships and Tuition Fee Support:

Japanese Gov. MEXT e3 scholarship
Tuition fee waiver

- ✓ Also Short-Term Programs:

Internship Program
Exchange Students Program

13 Divisions in E3 Program

Applied Physics

Mechanical and Space Engineering

Human Mechanical Systems and Design

Materials Science and Engineering

Energy and Environmental Systems

Quantum Science and Engineering

Architectural and Structural Design

Field Engineering for the Environment

Engineering and Policy for Sustainable Environment

Human Environmental Systems

Environmental Engineering

Sustainable Resources Engineering

Cooperative Program for Resources Engineering
